To: Consultants Requesting RFQ Package

SUBJECT: Request for Statements of Qualifications (RFQ) for providing Professional
Faulk Library/History Center- Archival Repository Expansion
Solicitation Number: CLMP282 – **Clarification #1**

This document clarifies the RFQ issued on October 15, 2019 for the above subject project.

Clarification #1

- 1. Question: What is the anticipated scope of work for a traffic engineer or planner for the upcoming Faulk Library RFQ – CLMP282? We are trying to settle on the best consultant possible for this.**

Answer: The traffic engineer (or planner) should be aware of the surrounding area to both buildings, including the pedestrians' traffic flow, the bus stop activities in front of the John Henry Faulk (JHF) library, and the commercial traffic flow in the area. The task also includes ADA compliance with parking lot, parking spaces requirements, paving, markings, access to buildings, and ramps, in order to create a shared urban space - a proposed plaza between the two buildings (John Henry Faulk and Austin History Center).

All other information in the Solicitation remains unchanged. Please remember this solicitation is currently in a "No Contact" period and all inquiries should be directed to the appropriate contact persons listed in the solicitation. If you have questions regarding this process and project related questions, you may contact me at (512) 974-2657 or michelle.croft@austintexas.gov.

Sincerely,
